

KUALA SELANGOR FIREFLY TOUR

The journey from Kuala Lumpur takes an hour driving along a highway with oil palm plantations, village homes and small cottage industries on both sides. The tour includes a drive through Kuala Selangor town to the Kuala Selangor Nature Park, Bukit Melawati Hill and the highlight of the tour, the Fireflies Colony.

Upon reaching Kuala Selangor, take a walk along the trails at the Nature Forest reserve and learn about the flora, spotting monkeys and birds along the way. Then visit Bukit Melawati, a landscaped hill that offers a beautiful panoramic view of the Selangor coast, where free roaming Silverleaf Monkeys can be seen. You will have an exciting time with the playful antics of these cheeky yet friendly grey colored monkeys. Shaded by ancient trees are several fascinating attractions such as the Altingsburh Lighthouse, A Royal Mausoleum, the ruined Fort, the legendary 100 steps, the Poison Well and a quaint rest house.

Then proceed for dinner at a local seafood restaurant before a boat journey to catch one of the most beautiful and rare sights...the synchronized and rhythmic flashing of thousands and thousands of fireflies sparkling in the thick Mangrove swamps. This is an opportunity not to be missed since there are very few places in the world where you will find as many fireflies as in Kuala Selangor.
